I'm a male, Reddish/Brown, Lab-x rescued as a starving, injured stray in Veguita. My wounds have all healed and I've gained 15 lbs!

I am sweet and get along with female dogs but play too rough with other males. So far, I have been an outdoor only dog and will bark when someone comes on the property. I would like to come in & be part of the family. With the proper introduction, I should be fine with other female dogs and school age children.

I am current on my vaccinations and have been neutered, heartworm tested and microchipped.

03/22/18 - 1st Parvo/Distemper vaccination

03/27/19 - Neutered & Rabies vaccination

03/27/19 - Heartworm tested - negative

03/27/19 - Microchipped

04/12/19 - 2nd Parvo/Distemper vaccination due
